

We need your help to name our development!

We are currently working with Kelly Brothers to build a new housing scheme across the road from your school!

This new development will create 14 new homes for families.

Once the scheme is completed it will need a new name! We would like your help in thinking of suggestions and we will pick the top 3 to choose from – can you help?

We would also love to see what you think the new scheme will look like and cannot wait to see all your pictures!
